

CH13MS Flameless Heater

The **CH13MS industrial heater** uses a magnetic heat generating technology. With variable temperature and CFM settings, the heater is perfect for crucial applications.

Features

- 750,000 BTU equivalent
- 150–160° F temperature rise
- Up to 5000 CFM
- >95% efficiency
- Provision available to equip with light tower
- 8.2" above WC static pressuer
- Self-contained unit with no external power source required
- Clean, breathable air
- Compact, portable design

Applications

Oil and Gas

- Drill deck, pump station and water line heating
- Snubbing stack heating
- Heating wellheads and BOPs
- Equipment thawing and deicing

Construction

- Concrete curing
- Ground thaw
- Aggregate Heating
- Worker Comfort Heating
- Hoardings heating
- Temporary site heating

Coating and Painting

- Tank coating and curing
- Surface Preparation
- Moisture and humidity control
- Dehumidification
- Deicing
- Auxiliary heat
